The Night King 5.50GP

"In the far north, from up upon the wall, the weary crows look over at what little rests before them; the aftermath of the millennia old Long Night. Ready stand the men of the night's watch, to keep all Wildlings and WhiteWalkers alike, away from the seven Kingdoms. But a crow is naught without its black coat of wings, and a warrior nothing without a cup of black tea, to prepare him for the coming winter!"

Yharnam's Full Moon 5.50GP

"Pthumeru blood taints the very blocks of the city streets, and what was once human now lies perverse, oddly bestial in nature, or was this man's nature all along? Vampire's Kiss 11.00GP

"There are those that share tales of vampires and other accursed creatures from folklore with their children, urging them to stay away from such occult dangers. The affected creature can use the spell 'control water' using their current level as their effective caster level.

King Crimson 11.00GP

"Lost in the streets of Sardinia, during the most bizarre of summers; instead of trying to find your way back to your lodging you stay and gaze at the distance as golden winds graze the beautiful sea side. Yet, something irrevocably evil resides around these shores, a legend of a golden arrow, a tragedy within the local mob and an epitaph dedicated to a former boss»

The affected creature gains an extra full round during combat right after they finish their turn. You have skipped 10 seconds of time, truly, in this world it is only the results that matter!! (One time use per consumption).
